

**California State Level Collaborative for DV, SV and TDV Prevention
Shared Messages
2018**

Purpose of the Collaborative

The *California State Level Collaborative for Domestic Violence (DV), Sexual Violence (SV) and Teen Dating Violence (TDV) Prevention* is an effort between state-level government agencies and coalitions to promote comprehensive, effective, sustainable, and culturally informed DV/SV/TDV prevention efforts across California.

Collaborative Members

The *California Collaborative* is made up of representatives from the California Coalition Against Sexual Assault, California Department of Public Health, California Governor’s Office of Emergency Services, and the California Partnership to End Domestic Violence.

Goals of the Collaborative

1. Act strategically to advance DV/SV/TDV prevention.
2. Build the capacity of marginalized communities across California.
3. Leverage resources to advance prevention.
4. Collect and share data to advance prevention.
