Gentlemen:

After due consideration within the limited time provided, the Commission is unable to submit a recommendation regarding the "Reorganization Plan No. 1 of 1968".

Recognizing that no one plan, no matter how carefully conceived, could qualify as the "ideal", this body on its own initiative and in keeping with its statutory obligation as a permanent, bi-partisan board of review of the organization and economical operation of the executive branch, intends to continue the study of over-all executive organizational structure and performance during the coming years. Any findings and recommendations to maintain the effectiveness of the executive operations will be submitted to the Legislature and Governor at appropriate times for your consideration.

Respectfully submitted,

D. W. Holmes
Chairman
